The signal is beaming down, Anime Network is now transmitting 24 hours a day.

It's up to you to tell your cable or satellite provider to flip the switch and bring you Anime Network now.

On the site, you can access the DEMAND YOUR ANIME engine, which will put you in contact with your local cable or satellite provider.

Every year the anime market continues to grow, and just when you think it just can't get any larger, it does!

At this year's summer conventions, more than 50 titles were announced as coming to American audiences. Given that each of these is most probably a multi-volume release, and studios are still releasing product previously announced, 2005 looks to be another very jam packed year for anime. And - that doesn't even account for the continued growth of the manga industry! The number of manga releases each month has, for the first time, exceeded the number of DVD releases. As of this writing, there are almost 2,500 volumes of manga in print or scheduled.

Here in the heartland, we're really excited about our upcoming titles for 2005, including the impending release of "Shingu: Secret of the Stellar Wars" (see the article later in this catalog), "Gravitation OVA", "To Heart," "Boys Be..," "Piano," and more to come!

I'm also really fired up about our coming release of "Boogiepop and Others" - the liveaction movie spawned from the same novels that gave birth to the Boogiepop Phantom TV Series. I have to tell you, this program, which is extremely well done, was a treat; I was delighted to return to the Boogiepop universe again, and I think you will be too!

This catalog, like our previous one, represents only a small portion of all of the products we sell. All adult products are in the sealed section, so please discard this section if this product does not interest you. With more than 15,000 separate products offered, if you don't find what you're looking for, please check out our website at www.rightstuf.com available to you 24 hours a day, or feel free to contact our friendly customer service - we're here to help you!

Speaking of our website, you might also visit to check out the latest anime news, sign up for our special e-mail announcement lists, see our latest sales and special offers, as well as take advantage of discounts on early ordering of new releases!

And don't forget, you can also save additional money by joining our Got Anime frequent buyers club! Check for complete details inside!

## SHAWNE'S STELLAR SECRET

So I was sitting in my office working away when Shawne (that's our CEO) walked into the room and dropped a VHS tape on my desk. "Here's our new show. Check it out," he said.

Bewildered, I picked up the tape and read Gakuen Senki: Muryou (Record of the School Wars: Muryou). "I've never heard of it."

Shawne smiled a little secret smile and repeated, "Just check it out."

Deep into work on Comic Party and with Gravitation TV on the horizon. I put the tape to the side for the time. That night I did a bit of research... What had Shawne gotten me into? But the more information I found, the more impressed I got.

### **Production: Studio MadHouse**

(Chobits/ Cardcaptor Sakura/ Gungrave/ Hajime no Ippo/ Jubei-chan/ Ninja Scroll/ Trigun/ Vampire Hunter D/ X)

**Producer: Masao Morosawa** (Gungrave/ Jubei-chan/ Ninja Scroll TV/ Trigun)

**Director: Tatsuo Sato** (Stellvia/ Nadesico/ Ninja Scroll TV)

Planning: Masao Maruyama (Cardcaptor Sakura Movies/ Gungrave/ Gunslinger Girl/ Jubei-chan/ Ninja Scroll TV)

**Character Designs & Animation Director: Takahiro Yoshimatsu** (Cardcaptors: Leave it to Kero!/ Jubei-chan/ Ninja Scroll TV/ Trigun/ Slayers Movies)

Art Director: Yuuji Ikeda (Fushigi Yugi TV & OVA/ DBZ Movies 1-3/ Monster/ Ninja Scroll TV/ Saiyuki/ X TV)

Music: Yuji Ohno

Wow. Now that's what I call quite a crew. But would it stand up to my expectations? Curious now, I sat down and popped the tape in the player.

Intro into Tokyo: robots... aliens... battles... Sounds like just everything else I've seen lately, I thought. Then the opening came up. I'll honestly say that I wasn't particularly inspired at seeing this, (looking back, I can truthfully say that the openings and closings are very misrepresentative of the show) but I kept watching as I'm very aware that not all opening credit sequences convey the true nature of their shows.

The first episode is a bit slow as most of it is dedicated to establishing the vast array of characters, but it's in the last 5 minutes of the episode that it really begins to take off. And after the second episode, well, you just don't want to stop watching...

After I turned off the show for the night, I sat there and tried to figure out why this particular show was becoming so good. Sure there was action. Sure there was mystery. But there're tons of anime with those elements. The difference was, not only was this show written well, but that were drawing me in.

weird and displays extraordinary powers; Shun, the super popular student council treasurer who loves being in the limelight and is well-loved by the ladies; Kyoichi, the hot-headed martial-arts expert who hates Muryou immediately; Navuta, the temperamental vice president of student council who wants everything done her way; the list goes on and on. I could literally fill up the next several pages talking about the huge list of characters that are involved in this show. Each character is so complex and intertwined with the others that they just draw you along. Why does Kyoichi hate Muryou so much? Why is Hajime so laid back about everything?

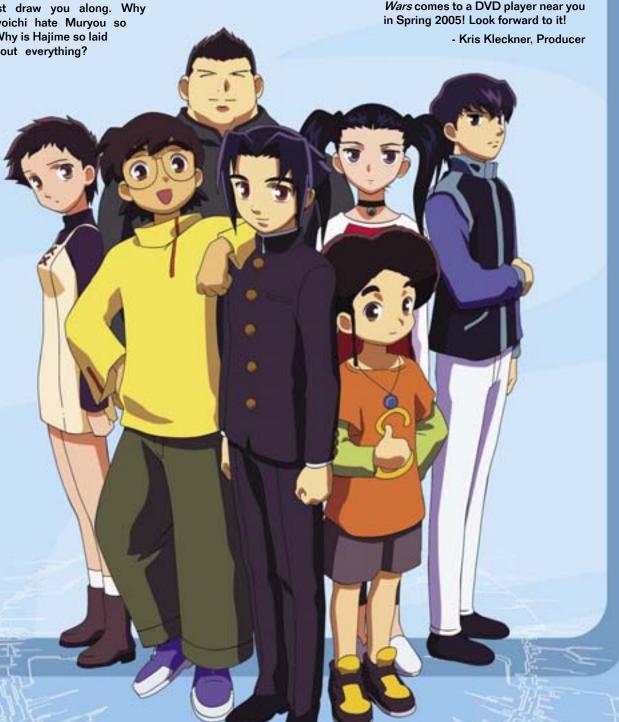

And could I possibly beat them at that crazy sumo game they're always playing??

The further I got into this show the more I recognized how subtly complex the creators had been. Characters who seem insignificant in the beginning (one guy has like, 5 lines total at the start) end up popping up with major parts half way through the show. And when you watch everything a second time, you catch even more hints of secondary sub-plots. (Of course, at the time, it was the first time I had

seen it so I had no idea what would happen next!)

Do I sound a little excited about this show? I'm not alone. Everyone who has touched this show has been sucked into its wonderful world. The translator for the show commented that she was really thankful for being asked to work on it, because now it's become her favorite show.

I love this show and it's definitely become one of my favorites. Will it become your favorite show too? Find out when *Shingu: Secret of the Stellar Wars* comes to a DVD player near you in Spring 2005! Look forward to it!

## From Japan to America

In 5 Easy Steps

Anime DVDs - they're those magical little coasters that give us hours and hours of entertainment. But have you ever wondered what it took to bring your favorite show over from Japan and turn it into that shiny disc spinning in your player? Before working here at Right Stuf, I was always curious about the art of bringing anime to America, and now that I've seen the process up close and personal, I thought I'd give you all a bit of an insider's view!

### 1. The Quest for Greatness! (Finding Just the Right Anime)

The first step in licensing anime is - you guessed it! - finding a title. We always have our "ears to the ground", so to speak; we keep track of what new titles will be airing in Japan, what's most popular over there, and what shows seem to be catching the attention of the fans here in America. (So remember, your licensing requests aren't in vain - we're always listening!) Once a title catches our eye, then we launch into research mode: how many episodes is it? How good are the character designs and the plot? Most importantly, do we ourselves like it? Kris and I know that if we pick up a show, it'd better be a quality title, because we'll be watching it roughly half a million times

before production is done... (Okay, I'm exaggerating; it's probably 1/4 million at best.)

### 2. She Said What?! (Translation)

So the show is chosen, and the contract is signed...now the real work begins! Once we receive the Japanese scripts, they're immediately handed to our translators, who go right off and work their little hearts out. At this stage of the game, when we're just getting raw text straight from the scripts, it's important to make sure that everything stays consistent. For instance, there's a character named "Jiltosh" in our upcoming title, *Shingu*. But he's around for quite a few episodes before anyone says his actual name; up until that point, even the scripts have the lines being said by "Aloha". If things like that aren't caught, then when the actor for Jiltosh comes in to act out his lines, half of them will get missed because they're under the name Aloha!

### 3. How Do You Prounounce That? (Making the English Dub)

Once the translation has been finished, the dub work begins. Unlike other companies, we don't have an in-house dubbing studio (there aren't that many actors in lowa - go figure!), which means that we work with professionals in the field to get the recording done.

First a director is chosen, and then a list of all the show's major characters is compiled and sent to the studio. There, the director sends out a casting call, and actors come in and read through sample lines for particular characters. After all the auditions are done, everything's sent back to lowa, and the

final casting decisions are made here at Right Stuf headquarters.

Casting sounds like it would be really simple, right? To be honest, it's not. With each character, we try to match the feel of the original Japanese voice as closely as possible, but it's not always easy. Sometimes an actor might be perfect for the part, but they aren't available due to scheduling conflicts. And sometimes, it just happens that none of the voice actors quite fit what it is we're looking for for a particular character; in that case, it's back to the drawing board (or in this case, back to auditions) again and again, until we can get a good match. *Gravitation*'s Tohma and Yuki were especially hard to cast - it took many, many casting calls to find voices that could approach the timbre of Ai Orikasa and Kazuhiko Inoue!

### 4. Make the Sparkly Reach Out! (Packaging Design)

Next, our valiant graphic designers step up to the plate. There are a lot of things that require a designer's hand: covers; silkscreens; DVD menus; and if there's an artbox, that needs to be designed too. Content managers guide the designers to make sure everything keeps with the look and feel of the show; and just like all art, most designs go through a lot of revisions before the final look is achieved. Even after all that work, all of the designs must be approved by the Japanese licensor! For example, the four *Comic Party* cover girls were originally Eimi, Reiko, Minami, and Yuu, in that order; but at last minute licensor request, the girls were changed to Mizuki, then Minami, then Reiko, then Yuu.

Also, this is the step where Limited Edition goodies come to life! Some shows are easy - backstage passes were a natural fit for *Gravitation*'s rock band theme. But others are a little more difficult... When ideas are harder to come by, we have a big brainstorming session (usually involving lots of sugar and caffeine), then we figure out if what we want to do is A) possible under our contract, and B) possible at an affordable price. Tylor was the latest show to undergo this little ritual - if all goes well, you should really enjoy the upcoming Ultra Edition Sets!

### 5. The End is Near! (Disc Authoring)

Finally, the last big step is authoring the discs. If you're a sub fan, this is your favorite part, because this is when the subtitled version is made! Though creating the translations is the very first step, the subtitles can't actually be matched up to video until the disc is created, and the disc can't be created without the dub. So if you've ever wondered why anime companies screen their really new titles at conventions in either dub or raw Japanese, there's your answer!

This step is when the disc comes together as a whole; all the subs are synched-up and checked for grammar, and the menus are tested to make sure every selection takes you where it should. When testing is complete, everything gets sent out the door, and it's time to take a big deep breath and relax.

This entire process has to be finished three or more months in advance of the street date for everything to be replicated and delivered to stores on time; so a DVD that you can buy in September has technically been "done" since at least June.

So that's it - five little steps to bring an anime over from Japan, and turn it into the form of that shiny R1 disc in your hands. Though in truth, this process is far from simple...it's actually a collaboration of the hard work and talent of a lot of different people, from translators to voice actors, from sound mixers to the folks at the authoring house. We all love this stuff and we love bringing it to you; and hopefully you can join us in this crazy biz someday! Until then, thanks for being an anime fan, and we'll see you in the next issue!

### GENERAL

### **Ratings System**

To benefit our customers, we have implemented a rating system for many of our products based on our staff's knowledge of each title's content, as well as input from the various anime suppliers.

### ALL

Generally acceptable for children. No Nudity. Possible mild violence.

### 12+ 13+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no situations are shown. Parental discretion advised.

### 15+, 16+, 17+

Strong violence and strong language. Prevalent Nudity may be contained within the picture. Mild sexual situations may be shown.

### 18+

Extreme violence, Explicit Nudity, and/or Extreme Language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are oftentimes provided by the manufacturer of the product. Because of the differences in ratings used by these companies, we have combined their systems, with the descriptions of the ratings listed above. TRSI does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only, and are subject to change.

### Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews.

### **Edited and Uncut**

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) they must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognized this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

### **Release Dates**

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are ordering an item with a release date and are concerned whether this item is on schedule, please feel free to check the item's release date through its online listing, contact customer service at 1-800-338-6827, or even email customer service at info@rightstuf.com.

### Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a particular volume or title has this effect, we'll mark it as Mosaic in the volume listing.

### Why do you charge for your catalog?

Unfortunately, paper does cost money. In order to keep producing a printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it?) However, you can get your money right back by using the \$4 off coupon on page 109! (Not to mention the tons of other great coupons back there.)

### Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate your catalog status).

### When does your next catalog come out?

Why, every spring and fall!

### Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

### What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee you get additional discounts on great products, a groovy Got Anime bumper sticker, the latest catalog, newsletters and members only specials! Read more about the Got Anime Purchasing Club on page 9. Please note that international members of the Club will no longer receive mailings, due to postage cost.

### Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. We are continuously scouring the market to find a stable way to bring imports to our customers and hope to do so in the future. Please check our website (www.rightstuf.com) for the latest news on imports.

### Why don't you have <Title Here> Audio Soundtrack CD from Japan?

Um...I know I'm getting bad at geography, but I'm pretty sure that's an import - see above question regarding imports. You also might want to check our Soundtracks section because a number of titles are now being released domestically.

### I really want to learn Japanese... What resources do you have?

There are a couple of books in the catalog, which might be of interest - such as "The Anime Companion" and "Japanese the Manga Way." The Internet is also an excellent resource and you might check with local school districts and community colleges to see if they have any courses available.

**By Phone:** Domestic (US): 1-800-338-6827 International: (515) 252-6116

Please don't email your order, it's very unsecure and someone could steal your credit card number.

### Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you are fine (hieroglyphics just wasn't our specialty in any life). You can also print one from our online pdf at: www.rightstuf.com/orderform

### How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you login. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com.

### How long is a typical item "out of stock" for?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there, and should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

### Can I use my coupons for an online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

### Can I order online Daily Deals or Special Pre-Order Discounted items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com and if you check in often enough, you might find some amazing deals online!

### How many coupons can I use with my order?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

### Do I need to add sales tax?

Only if you happen to live in Iowa.

### If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address, and your new address, so that we can update our records.

### **MAIL-IN ORDERS**

### I went to your online store and I wanted to order, but I don't have a credit card? Help!

Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

### Why do you hold my order when I pay with a check?

Even with all this cool technology, checks require at least 18 days to clear. In a perfect world, this would not be so.

### What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

### PAYMENT METHODS

### Do you take Discover / VISA / MasterCard / **American Express?**

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

### If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

### I'm an international customer. What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first time orders only, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes you may black out one set of digits. This information is to help keep credit card fraud down and is for your protection as well. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information. This policy only affects first-time international buyers.

### **SHIPPING**

### How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then standard processing time goes into effect.

### What are your methods of shipping?

Please see our order form for details and prices.

### Are there any other shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

### How much is shipping for prepacks/box sets? Shipping is simple: use the amount for a SINGLE item.

### I'm not at home in the day. Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your stuff), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as guickly as possible. Unfortunately for American Express cardholders, American Express' own restriction policies will not allow this. You could also choose to have the product shipped to you by mail instead.

### I chose express delivery and my product still took 2 weeks to arrive. What's up with that?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock on the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

### What happens if my country will not allow me to have this sort of tape / My order was seized by the border ... what now?

Sorry. Please consult with the postal authorities of your country prior to placing an order for adult items. We will not be responsible for seized shipments, and cannot provide refunds for seized products

### RETURNING MERCHANDISE

### When I got my <insert title here>, it was bad. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

### Do I have to pay to ship back a product to TRSI?

Unfortunately, yes. We suggest using the least expensive shipping method available. We will only reimburse shipping for wrong items sent. We will pay the shipping to send the replacement back to you.

### PRODUCT INFORMATION

### What is an OVA (OAV)?

This means Original Video Animation. In normal terms, this means a direct to video release.

### What is the difference between the 'Edited' TV episodes and the regular ones that are listed?

One was shown on TV! Duh!! Seriously, this varies depending on the show. Many times the TV episodes are censored. (The TV execs hate doing it as much as you hate them doing it) Censoring is done to coincide with the regulations that TV broadcasters must abide by. This can involve the removal of Nudity, Excessive Violence, Blood (sometimes just a change from red to green makes a difference), and the naughty words. The non-TV versions often times have the episodes in their original form and you get to see the show as the producers intended. You can note this by "TV version," "Toonami," or "Edited" in the item listing.

### Is <insert title> CC or Closed-Captioned?

While the standard answer would be yes for most titles, not all shows are given the CC treatment. If we know that a title is CC, we have tried to mark it as such. If you're still unsure of a particular title, please feel free to give us a call or drop an email in our box.

### Why are some products listed as DUB ONLY or SUB ONLY in this catalog?

Although DVDs allow for the possibility of dual language anime, it is not always possible to license a title for dual language release in the States. So, you end up with manufacturers releasing Subtitle Only (SUB ONLY) or Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music (probably) is intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You might also see (Hyb) which means that both the subtitled and dubbed versions are available on the same DVD.

### I saw this show that I think might have been Japanese Animation. Do you have it?

We get questions like this all the time in the company email box. If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it" there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product, but it's likely that it is.

### Why isn't <insert title here> available in the US?

You might be surprised to find out how much of anime is available in the US. Of the few titles that remain unlicensed, some titles have their rights disputed, or licensors want more money than a title can possibly generate in this market, and, of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of nonlicensed products, or pirated copies of licensed tapes.

### Can we special order series not on the website?

Simply put. If it isn't on our website, we can't get it.

### What are some good shows for young children?

Although this is truly a matter of personal preference, we recommend Totoro, Kiki's, Pokemon, Kimba, Flint: Time Detective, and Astro Boy for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

### What's the most horrible, tasteless video you offer?

That really depends largely on the person you ask. If you ask the catalog designers, they would say Cool Devices, Angel of Darkness, Urotsukidoji, and Magic Woman M. Don't let the title fool you. Magic Woman M actually has induced dry heaves. It's that intense. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the Adult catalog.

### **DVD SPECIFIC**

### What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

### What region is your DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on either the silkscreen or the packaging.

### Region Coding List:

- 1 United States of America, Canada
- 2 Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- 3 Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 Australia and New Zealand, Mexico, the Caribbean, and South America
- 5 India, Africa, Russia and former USSR countries
- 6 People's Republic of China

### What Region are your DVDs?

We primarily carry Region 1 Discs. However, we do have a small handful of DVD titles that are multi-region and even Region-free. We've tried to mark them where possible.

### Why is THIS DVD so much better than THAT DVD?

Like many things, it's the talent of the people who did the mastering. Although the format supports a very high quality image, the preparation of the material determines how good the final will actually look.

### Can my DVD play in a Playstation 2?

It depends on the DVD. There have been instances of some DVDs having difficulty playing. While the vast majority will work just fine, we cannot guarantee all anime DVDs will play correctly on a PS2.

Not only that, but this volume includes a bonus, three-part Sanosuke side-story! And then of course, with volume 7, the Kyoto Arc begins... The endearing characters, incredible art and well-written story all make this manga one of the best on US shores. Highly recommended!

#### **GET FREE SHIPPING ON YOUR ORDER!!**

If you live inside the US and your order exceeds \$99 (without freight) then Economy Shipping is FRFF for domestic customers.

# SHIPMENTS TO MILITARY ADDRESSES & US PROTECTORATES

Our domestic standard rates are simple: in the US including APO (AA, AE, AP), FPO, PR, GU and VI please use the Domestic Shipping Options. Please be aware that if you have a PO Box, or are stationed in the service, our standard shipping is limited to Priority Mail because UPS will not deliver to these locations. If you live outside of the areas above, please use our International Shipping Options.

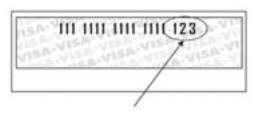

# SPECIAL NOTES FOR OUR INTERNATIONAL CUSTOMERS

Shipping companies may charge a fee for delivering your package to a foreign country. Such fees and customs duties are not included in our shipping price, and are your responsibility. We will not be responsible for seized shipments, and cannot provide refunds for seized products. Please check to make sure you are in compliance with all local laws if you are ordering an adult product(s). For first time orders only, we require a copy of some form of ID (can be drivers license, passport, credit card statement, utility bill, etc..) which shows your address along with a photocopy of BOTH THE FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. This information is to help keep credit card fraud down and is for your protection as well. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information.

#### I'M RUNNING OUT OF FORMS!!

You are hereby authorized and deputized to make copies of this order form. As long as we can read it and all the information is there, you're fine. Copy away. You can also print one from our online pdf at: http://www.rightstuf.com/orderform

#### WHAT IS MY SECURITY NUMER?

#### **Discover Credit Card Users**

Flip your card over and look at the signature box. You should see your credit card number followed by a special 3-digit code. If you have chosen to use a Discover credit card for your order, the security code is required.

#### Visa Credit Card Users

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVV2).

#### **MasterCard Credit Card Users**

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVC2).

#### **American Express Credit Card Users**

Look for the 4-digit code printed on the front of your card just above and to the right of your credit card number. This 4-digit code is your Security Code (CID).

#### SHIPPING INFO:

Please allow 2-6 weeks for delivery. It will almost certainly be closer to 2 than to 6 weeks, but we like to err on the side of caution. Shipping confirmations are often sent via e-mail, so make sure to include your e-mail address!

Please make sure that there is someone at the address we are shipping your product to who can sign for your package. If someone will not be available at your home, consider having the package shipped to your work address (include your company name). If your package is returned to us, we will charge you additional shipping to reship it.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store (www.rightstuf.com)

Preorder release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time or check the latest information on product updates on our website (www.rightstuf.com).

#### **PAYMENT METHODS:**

We accept Checks and Money Orders in US funds. Sorry, no international checks. Please make all checks / money orders payable to The Right Stuf International, Inc. All checks require at least 18 days to clear our bank. Sorry, no CODs.

We also accept the following payment methods: MasterCard, Visa, American Express, or Discover. Sorry, you can't use your Mom's Sears card ... or your Dad's BP card. For security purposes, we may contact you for additional information which may delay your order.

PLEASE DO NOT SEND CASH THROUGH THE MAIL!!!

#### RETURN POLICY:

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

Products returned without a return authorization number, or those more than thirty (30) days after the invoice date, will be returned to the customer.

If the package was damaged while in transit (crushed box): if delivered by UPS, please contact UPS directly at (800) PICK UPS or if delivered by Mail, please contact your local postmaster.
